FARJIYA BENTA MAHBUB

WEB DEVELOPER

About Me

As a passionate and enthusiastic web developer, I am dedicated to creating innovative websites and continually learning new technologies to enhance the development procedure. With a strong analytical mindset, I have a proven track record of implementing and testing new applications. My experience spans the entire web development lifecycle, from analysis and design to implementation and testing.

SOFT SKILLS

- Organizational Skills
- Team work
- Punctual
- Problem solver

EDUCATION

Algonquin College, Ottawa, ON

College diploma: Interactive Media Design
Expected Graduation Date: Aug 2024

AWARDS

Dean's honour letter with an GPA of 3.99/4.0

EXPERIENCE

Web Developer co-op
Ontario Digital Service - Toronto   **Jan 2024 -Present**

Developed and maintained responsive, cross-browser web components using JavaScript and Stencil. Managed code repositories with Git, collaborating on features and bug fixes. Tested with BrowserStack, JEST, and WAVE to ensure accessibility and performance. Additionally, maintained documentation, including README files and component guides, to communicate project requirements and implementation details.

Personal Portfolio
Algonquin College - Ottawa   **April 2023**

Designed a professional logo with Adobe Illustrator and created a web interface mockup in Adobe XD. Using Bootstrap, developed a responsive website compatible with various devices. Enhanced user experience with animation frameworks and employed Git for effective version control throughout the project.
